

Collaborative Team Leadership

Duration: 8 Hours

For
Managers

Course Description:

The creation of highly functioning teams to accomplish tasks and influence desired change is a key organizational strategy. The team leader role is an integral factor in ensuring optimal team development and maintenance.

This program provides a framework and five (5) stage structure that supports a team leader's ability to guide successful teams.

This course is based upon active learning, with rich, interactive exercises and applied experiences.

Learning Objectives:

At the end of this course, participants will be able to:

- Identify elements of an effective team
- Recognize the importance of shared leadership
- Describe the stages of team development
- Identify the role of the leader in each development stage
- Apply and practice skills associated with each development stage
- Recognize the role of communication in highly functioning teams

Outcome:

Improved team leader ability to support highly effective teams, resulting in increased team productivity, communication, and improved organizational performance.
